### ARCONA-Series

Common features of all Arcona loudspeakers:

- Woofer/midrange with hard XPulse-diaphragm
- Air-Motion-Transformer as tweeter
- Symmetrical crossover with ultrahigh slope
- WBT-Nextgen binding-posts
- Aerodynamical, drop-shaped cabinet
- Clearwater inner-wiring
- Spike extenders available

#### ARCONA 40

Highpass-filtered closed-box design with incredibly precise and strong bass. Stands available.

#### ARCONA 60

2½-way system including bassreflex and closed-box techniques, slim and powerful.

#### ARCONA 80

2½-way system including bassreflex and closed-box techniques, very dynamical and spacious

#### ARCONA 100

Big 3-way speaker with double-bass in new highpass-filtered bassreflex technology (12th order system) and closed-box technology for midrange. Impressive dynamics and resolution.

#### ARCONA FRC

Front-Rear-Centerspeaker for the Arcona series. 2½-way system for broad listening area. High-pass filtering available for high power handling.

### CASSIANO-Series

Common features of Cassiano series:

- Diamond tweeter upgradable
- Crossover with filters of ultrahigh slope
- Room equalization system by gold-plated jumpers
- Aerodynamical, drop-shaped cabinet
- Sand-filled cabinet walls
- WBT-Nextgen binding-posts

#### VESCOVA

2½-way system including bassreflex and closed-box techniques. Fine resolution and crispy-clear.

#### CASSIANO

Slim 3-way speaker with double-bass in new highpass-filtered bassreflex technology (12th order system) and closed-box technology for midrange. Highest resolution and deep stage-imaging.

#### ARABBA

3-way loudspeaker system with highpass-filtered triple bassreflex system and high-resolution midrange driver. Double wall cabinet, double room-equalizer adjustment. Powerful in bass and imaging.

#### TOFANA

3-way reference loudspeaker system. Separated enclosures for bass and mid/high. Double room-equalization technology. Highpass-filtered triple-woofer bassreflex system. Flagstone ground-plate.

#### FRC

Front-Rear-Centerspeaker for the Cassiano series.

### BERLINA RC-Series:

Common features of all Berlina loudspeakers:

- Incredibly stable Rib Construction cabinets (RC-technology)
- Customized Accuton ceramic and diamond drive-units
- Extremely sophisticated symmetrical crossovers of ultrahigh slope
- Room equalization system by gold-plated jumpers
- Aerodynamical, drop-shaped cabinet
- Spikes or flagstone integrated in design
- WBT binding posts of highest quality
- Available only in genuine piano high gloss finish

#### BERLINA RC 7

Highpass-filtered 3-way loudspeaker system with highpass-filtered triple bassreflex system and high-resolution midrange driver. Air-cooled crossover. Transparent and natural.

#### BERLINA RC 9

4-way-loudspeaker system with the unique diamond-midrange and diamond-tweeter by Accuton customized for us. Highpass-filtered triple bassreflex system in a one-piece cabinet. A sensation in resolution and natural sound.

#### BERLINA RC 11

4-way-loudspeaker system with the unique diamond-midrange and diamond-tweeter by Accuton customized for us. Highpass-filtered fourfold bassreflex system. Three separate, decoupled enclosures with extremely low bass. No limits in resolution or dynamics. "Best loudspeaker in the World" (stereoplay 1/2012).
